CTA Service Reductions - April 2007

The \$530 Million [Brown Line expansion](#) project will hit home for Triangle Residents this upcoming April 2007 when new service reductions take effect. The goal of the Brown Line project is to lengthen the platforms to accommodate longer (8-car) trains, to make the stations handicap accessible, and to modernize the stations with more conveniences for everyone. However, the impact for the next two years will be a dramatic increase in rush hour commuting times. Some say commuting times could double coming home from the loop.

All Northbound trains (Brown, Purple, and Red) will share one set of tracks and one side of the platform at both Fullerton and Belmont stations during the next construction phase. Eventually, the Southbound customers will also have a platform change. As such, the CTA announced they will be reducing the number of trains in service during peak, evening hours. Two new stations will also be closed - Diversey and Southport. LVCC will be distributing postcards addressed to Mayor Daley. Vocalize your top concerns and

lower level.
Meetings typically last one hour.

- **March 15th (Thu)**

CTA Meeting on 3-Track

The Belmont and Fullerton tracks will be using 3 tracks instead of 4 beginning April, resulting in longer commutes. The CTA has set up a Q&A Session at Agassiz School,

2851 N Seminary
from 6PM to 8PM.

- Will you benefit from extra buses along Lake Shore Drive?
- Are you considering driving or getting a car because of bad public transportation options?
- Would you be willing to pay more for better service?
- Are you frustrated by the lack of community involvement in the CTA process?
- Do you think Chairperson Carol Brown and CTA President Frank Kruesi should resign?
- Do you believe your home values will decrease over the next two years as viable public transportation options decrease in our neighborhood?

The CTA has set up a series of community meetings to [answer questions on the 3-track program](#), including one in Lake View at Agassiz School on Thursday, March 15th. We have already expressed our concern that Chairperson Carol Brown has not committed to attending the Lake View meeting that night. We hope you will attend and vocalize your concerns. Join us at Agassiz School, located at 2851 N Seminary from 6PM to 8PM.

New Parking Restrictions and Traffic Signs

New Belmont Rush Hour Parking Restrictions

[Triangle Neighbors](#) has been working with the 44th Ward to ease evening commuter traffic on Belmont.

- Belmont Westbound parking restrictions will be extended one extra hour.
- There will be no parking 4-7PM from Lake Shore Drive to Clark on Belmont (currently 4-6PM)
- There is no change in the morning parking restrictions.
- "Do Not Block the Intersection" signs will be installed at Belmont/Halsted, Belmont/Broadway, and Belmont/Clark for all directions of traffic.
- The 44th Ward hopes to have all these signs installed for opening day at Wrigley (April 9th).

Second, Halsted/Cornelia intersection signage

[Triangle Neighbors](#) and [Belmont Harbor Neighbors](#) honor the memory of Rachel Borders who was tragically killed crossing Halsted at Cornelia in November 2006

- 44th Ward agreed to paint international style crosswalks on Halsted Street at Cornelia.
- They will install "Yield to Pedestrian Within Crosswalk" signs and Pedestrian signs with arrows on either side of the crosswalk.
- Timeline for the above is still to be determined.
- We continue to work with Northalsted Area Merchants Association (NAMA) to install a memorial plaque at the intersection to remember the death of Rachel Borders.
